❑ Story Time :

The Big Tree

There was a big tree in a jungle. Many birds lived in it. They made nests in the tree. In one such nest, there were three baby birds. Jerry, Billy and Kiwi. Once their mother and father went in search of food for them. A big black snake came to them and said, 'Yummy! You are my lunch today.'

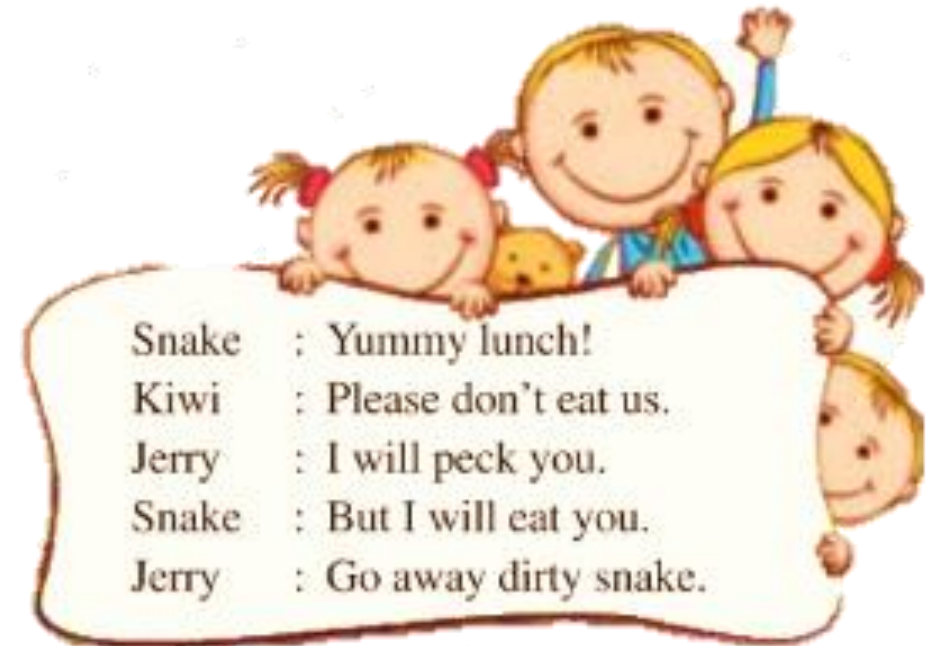

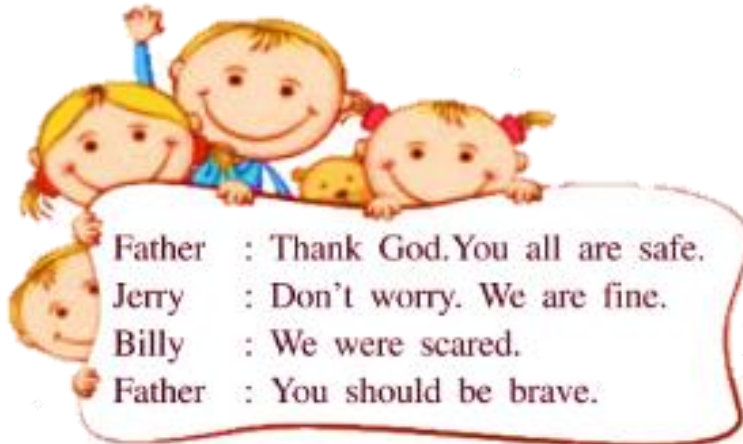

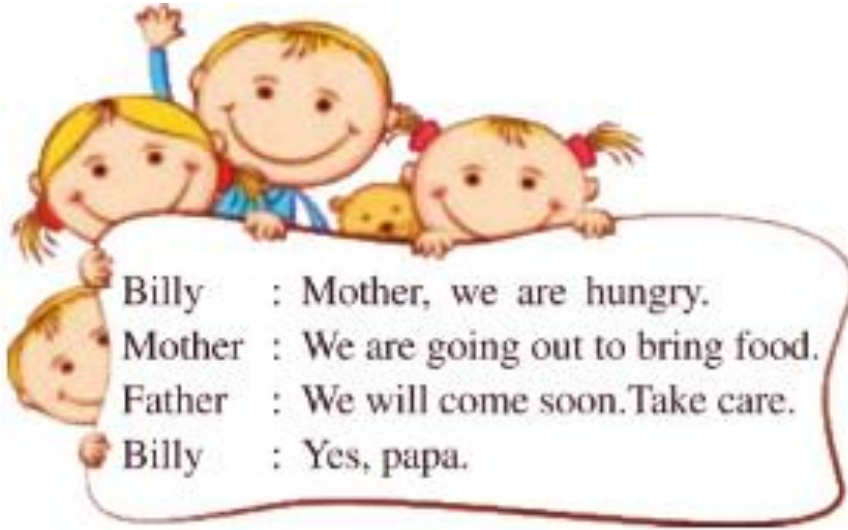

Billy and Kiwi were scared and jumped out of the nest. Jerry cried loudly, "Cuckoo aunty, Parrot uncle, Crow uncle, please help us. This snake will eat us. Billy and Kiwi have fallen down."

The birds gathered and started pecking the snake. The cruel snake slid away. They put Billy and Kiwi back in the nest. When mother and father came back, the babies told them everything.

All of them were proud of Jerry.
