P : 2

"That's true," said the Lord. "Do you want to know the details?"

"What are they?" the angel was curious.

"All her parts should be movable and replaceable too. She has a lap that disappears when she stands up. I have to endow her with a kiss that can cure everything from a broken leg to a broken heart. Moreover, she has to have six pairs of hands. She must be able to run on any food available and should have three pairs of eyes."

3. Who was curious to know the details?

➤ **The angel was curious to know the details.**

4. How many hands and eyes should she have?

➤ **She should have six pair of hands and three pairs of eyes.**

The science of fireworks is technically called, pyrotechnics' from the Greek word 'pyr' meaning fire and technics' meaning an art. Pyrotechnics includes not only fireworks but also a whole range of devices that use similar materials and principles, from safety matches that we use every day to solid fuel rocket boosters of the space shuttle. The household match is considered a special pyrotechnic device, as all the pyrotechnics effects heat, smoke, light, gas and sound are present in it.

5. What is pyrotechnics?

➤ **Pyrotechnics is the science of fireworks.**

6. Why is the household match a special pyrotechnic device?

➤ **The household match is a special pyrotechnic device because all the pyrotechnics effects - heat, smoke, light, gas and sound- are present in it.**

Kach said, "I respect you very much. You are dearer than life to me. But you are my sister. Both of us came out of your father All my love for you is a brother's love for a sister."

You are great and I love you," said Devayani. "Remember, my love for you saved you from death three times. Why did I do that if not for love? Don't discard me. Accept me as your wife."

"It is a sin if I agree to do what you say," said Kach. "We have spent happy days together as sister and brother. Let us continue that relationship. I can assure you that I cannot be tempted into sinning."

7. Kach's love for Devayani was a brother's love for a sister because.....

➤ **Kach's love for Devyani was a brother's love for a sister**

because both of them came out of her father, Shukracharya.

8. What did Devayani tell Kach about her love for him?

➤ Devyani told Kach that it was her love for him that had saved him from death three times.

□ Dr Shroff: Priyanshi, you look real foody. like your spontaneity. Dear, yes, there is a direct relation between the food you eat and activities of your brain via metabolism. Heavy food directs the blood flow to the digestive system, resulting into slowing down of the brain activity. You must have felt sleepy, lazy and drowsy after eating heavy meals. Doesn't this affect your studies? Ultimately you require an active brain for studies.

Rather than going for fatty foods, prefer to take light and easy to

digest food with enough of soup, juice, daal, milk, chhash/lassi, etc.

Eat raw vegetables and fruits a lot. Do not overeat. It's not good for

health in the long run. Remember, the student who eats light,

becomes bright.

9. What does heavy food do?

- **Heavy food directs the blood flow to the digestive system, resulting into slowing down of the brain activity.**

10. What kind of food should students eat?

➤ Students should eat light and easy to digest food with enough of soup, juice, daal, milk, chhash/ lassi and raw vegetables and fruits.

Write a short note using the given points :

11. Benefits of Solar Power :

(cheap-smokeless source of light customer's health-saves environment- no pollution - new businesses- enjoy cooking and eating in light-children study more)

➤ Solar Power is cheaper than kerosene, which can cost almost double in a month. It is a smokeless source of light, which comes with added benefits to customer's health.

Solar 3 Power saves environment because there is no

pollution. New businesses have also started emerging

because of Solar Power. In one village, customers are using

light to weave saris by night. In another, one man now has a

night business of making plastic tablecloth. The people of the

village are happy because they have light while they cook and

eat, besides this, the children are also studying more.

OR

11. The Weaver Bird's Nest

(what it is called in Gujarati - small bird-gifted with the skill of

weaving nests -prefers long thread like grass leaves to build the

nests - male weaver birds build nests - the male invites the female

for pairing when the nest is half complete-female approves - they

complete the nest-if female disapproves, the nest is abandoned)

➤ The weaver bird, known as sughari in Gujarati, is a small bird. It is gifted with the skill of weaving its nests. It prefers long thread-like grass leaves to build its nest. The male weaver bird builds the nest. It takes nearly 18 days to complete nest building. When the nest is half completed, the male invites female for pairing by its song. If she accepts the nest, both of them finish the nest. If she doesn't, the nest is abandoned. Therefore a male often makes many nests during nesting season.
