ધોરણ - 10 English

Question Paper - 3

વિભાગ - A

Read the paragraph and give answer the question

❖ **Village by village, MGP is building a network of low cost solar micro-grids that provide two LED lights and a mobile charging point to all paying households at a cost of twenty-five rupees per week. That is cheaper than kerosene, which can cost almost double across a month. Solar power, as a 'smokeless' source of light, comes with added benefits to customer health.**

1. What are the advantages of solar power?

➤ **Solar Power is cheaper than kerosene and being a smokeless source of light, it is a good for the customer's health.**

2. What facilities does MGP provide with a network of low cost solar micro-grids?

➤ **MGP provides two LED lights and a mobile charging point with a network of low cost solar micro- grids.**

❖ "Lord!" requested the angel. "Please go to bed, do not take so much trouble In a single day. "I cannot," He refused. "I have almost completed the work. I have put the best of my ideas into this model. Now this mother will heal herself when she is sick. She would be able to feed a family of six members only on half a kilo of cabbage. And she would manage a child's bath, play, study, food and sleep without getting irritated.

3. What did the angel request the Lord?

- **The angel requested the Lord to go to bed and not take so much trouble in one day.**

4. Why did the Lord refuse to rest?

- **The Lord refused to rest because he had almost completed his work and had put the best of his ideas into the model.**

❖ I still remember that morning of the year 1887. I was just seven years of age then. My teacher Anne Sullivan came to our house that day. Next day she led me into her room and gave me a doll. I played with it for a while. Then Miss Sullivan made some finger movements on my palm. It was an exciting experience. I got interested in that play and started imitating the movements she made with her finger. When I finally succeeded in doing that correctly, I was thrilled. I didn't know that I was spelling d-o-l-l.

5. What was an exciting experience for Helen?

➤ When Miss Sullivan made some finger movements on Helen's palm, it was an exciting experience for her.

6. Which was the first word that Helen learnt?

➤ The first word that Helen learnt was 'doll'.

❖ Thus, Kach began to live with Sukracharya. Because of his

keen devotion and good service, he won the favour of

Sukracharya. Kach was young, handsome and very intelligent, and no wonder Devayani fell in love with him at

first sight. But Kach was a student and he could not

respond to her love. All the same Kach liked her and

considered her a friend. He gathered flowers and fruits for

her and helped her in her household duties. Sometimes

they would wander about the jungles and at times they

sang and danced together

7. Which qualities of Kach attracted Devayani towards him?

- **Kach was young, handsome and intelligent and so Devyani was attracted towards him.**

8. What feelings did Kach have for Devayani?

- **Kach liked Devayani and considered her a friend.**

❖ **Student 2 : Hello Dr Mansuri, sir, I am Kandarp. I read somewhere "Tune-up-yourself for the board exam". Could you explain what it means?**

Dr Mansuri: Dear, you seem to be in 10th or 12th. Tune up refers to preparing your mind and body for a particular task. When it comes to tune up for examination, you need to know how your body and mind work in harmony. You should identify your strengths and weaknesses in the first place. Observe yourself for a week or two. Always remember that your strengths are your assets. Do not think much about your weaknesses. It is your strengths that will help you cope the exams.

9. What does' tune up' refer to?

➤ **Tune up' referses to preparing your mind and body for a particular task.**

10. What does Dr. Masuri ask kandarp to identify?

➤ **Dr. Mansuri asks Kandarp to observe himself for a week or two identify his strengths and weaknesses.**

Write a short note focusing on the questions:
❖ 11. How Arun's school and college furthered his interest

in
environment

(Plenty of green cover-home to life forms-understand
their
importance -beautiful- protect them-animals are on their
own-find their food-always on the move-never lazy-
positive-learn from them)

➤ Arun's school and college had plenty of green cover.

Both

these places were home to several other life forms. This made Arun understand their importance. He realized how beautiful they are and why we need to protect them. Arun realized that these animals are on their own, find their own food and are always active, on the move and never lazy. He found all this very positive.

According to Arun, we have a lot to learn from

Pyrotechnics

(What is pyrotechnics? -What is the root word and its meaning? - What does pyrotechnics include? -Why is the household match a special pyrotechnic device? -

Who are the pioneers of pyrotechnics? -What is the greatest danger of pyrotechnics)

OR

➤ The science of fireworks is called, pyrotechnics'. It is derived from the Greek word 'pyr meaning fire and technics' meaning an art. Pyrotechnics includes not only fireworks but also a whole range of devices that use similar materials and principles, from safety matches that we use every day to solid fuel rocket boosters of the space shuttle. The household match is considered a special pyrotechnics device, as all the pyrotechnics effects - heat, smoke, light, gas and sound - are present in it.

The Chinese are considered the pioneers of pyrotechnics. The Windows greatest danger of pyrotechnics is that it deals with fire.

Write whether the sentences are True or False:

12. The robot will never obey his master.

➤ **False**

13. Vultures are called 'scavengers'.

➤ **True**

14. Blandford was to recognise his friend by a white

rose.

➤ **False**

Thanks
